PUBLISHED WEEKLY IN CANAL POINT BY PAUL RARDIN

CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

Connors Highway From Canal Point To Co. Line Is Built

Surfacing of Connors Highway from Canal Point to the Martin County line is now all completed. County Commission Chairman Paul Rardin reported at Monday's board meeting.

Commissioners authorized Chairman Rardin, County Atty. Harby A. Johnston and County Engineer J. M. Boyd to attend the State Road Dept. meeting set March 21 on adoption of the SRD budget along with other board members who can go.

Board members will also attend Vero Beach's dedication ceremonies March 18 for the new bridge there across Indian River, following invitation from the Vero Beach mayor. Gov. Fuller Warren and SRD officials will participate in the week-end event.

Because of present possibility that the Air Force will reactivate Morrison Field, board members postponed a request from the CAA to install \$12,750 worth of lighting facilities on one of the field runways.

Commissioners agreed that while they were willing to cooperate with the CAA recommendation, they felt that under present circumstances such a move might not be advisable.

The Commission also:

Authorized bid advertisements for a 10-gallon milk dispenser and a 32 1/2-cubic foot refrigerator for the White Children's Home.

Ordered a plat be made of the northeast corner of Lake Osborne by Chester Wright, resident of that section.

Approved setting up a bill which would permit the micro-filming of county public records, for use when and if the county decides to authorize such action.

Authorized Mr. Boyd to meet with flood control officials regarding Flood Control District plans affecting the West Palm Beach Canal and other area canals, which presently are high in spite of the current dry spell. Commissioners described the situation as a "potential danger."

Approved Mr. Boyd's purchase of a \$335 frozen food unit for the County Hospital, and authorized him to advertise for purchase of such units and parts he finds necessary after an inspection of his department's equipment.

Filed request from the Animal Rescue League of the Palm Beaches for an increase in the amount budgeted them. The request will be considered when the Commission takes up the budget.

Heard report from the engineer's office that total cost per prisoner per work day on the county convict crew is \$4.67.

Passed a resolution on the recent death of area pioneer Harry Benson, former member of the County Commission.

Eastern Shore Levee Will Be Repaired; Low Bid Received

JACKSONVILLE — Smith Engineering and Construction Co. of Pensacola submitted an apparent low bid of \$193,780 Wednesday on a rush job to repair a section of the eastern levee of Lake Okechobee, and the bid has been referred to the chief of Army Engineers for consideration.

Col. Richard W. Pearson, district engineer, said the Smith firm's bid was more than 25 percent over the government estimate of \$142,472 and required approval in Washington before a contract can be awarded.

The work consists of rebuilding and paving the lakeside slope of about 1.1 miles of levee at Bacon Point near Pahokee before the next hurricane season starts June 15.

Joint Meeting Of PTA Groups Held

Mrs. M. D. Worley of West Palm Beach, president of the Palm Beach County Council of Parent-Teacher Associations, and Mrs. A. O. Pittman of Stuart, director of PTA Region Nine, were guest speakers at a joint meeting of the Pahokee and Canal Point Parent-Teacher Associations in the high school auditorium Monday night.

Mrs. Worley reviewed the work of the County Council during the past year and announced two important PTA meetings, the Region Nine meeting to be held at the Northwest Baptist Church in West Palm Beach later this month, and the National Convention to be held in Miami Beach in May. She urged both the Pahokee and Canal Point groups to send delegates to these meetings. Mrs. Pittman explained requirements necessary for a PTA group to achieve a PTA Blue Ribbon status.

Bank Should Not Have Cashed "Raised" Checks, Jury Holds

Leon and David Goldsmith, doing business as Goldsmith Bros., West Palm Beach, won a \$3,421.36 circuit court jury verdict late Wednesday in their \$5,000 damage suit against Atlantic National Bank, West Palm Beach, following an all-day trial before Judge Joseph S. White.

The Goldsmiths sued to recover on two checks allegedly cashed by the bank in 1948 and which had been "raised" from their original amounts.

One check, it was testified, had been written for \$10.10 but was raised to \$2,110.10, and the other check was "raised" from \$60 to \$960.

Testimony disclosed that the checks were allegedly raised while H. E. Sinclair was auditor for the Goldsmith firm, and the latter contended that the bank was negligent in cashing the altered checks. Court records reveal that Sinclair is now in prison at Raiford serving a term for forgery involving alleged raising of checks here. — From The Palm Beach Post.

Revival Planned By Baptists, Canal Point, Starts 25th

The Canal Point Baptist Church is planning a series of revival services to be held March 25 to April 8. Rev. E. H. Dearman of Kentwood, La., is to do the preaching. The services will be at 8:00 p. m. each evening. A nursery will be open for small children. The public is cordially invited to attend all the services.

As a part of the preparation for the revival, cottage prayer meetings are being held in the following homes on the following dates at 8:00 p. m.

Tuesday March 20th: Mr. and Mrs. C. H. Hitchcock, Mr. and Mrs. J. E. Williams, Mr. and Mrs. J. J. Walker, Mr. and Mrs. A. R. Chastain, and Mr. and Mrs. D. P. Hughes.

Thursday, March 22nd: Mr. and Mrs. M. V. Pugh, Mr. and Mrs. J. D. Latham, Mr. and Mrs. M. F. George, Mr. and Mrs. Monroe Pope, Mr. and Mrs. J. G. Weeks, and Mr. and Mrs. J. S. Atkins.

If you are interested in praying for a revival, please attend the cottage prayer meeting closest to you.

Pioneer Resident Dies At Home Here

Olin V. (Pete) Braley, 75, of Canal Point died at the Everglades Memorial Hospital early Wednesday morning after a long illness.

Born in Dangsville, Ohio in 1875 he came to Florida in 1893 at the age of 18 and was engaged by the Florida East Coast Hotel Company in the construction of the overseas railroad from Miami to Key West and other development projects in the State.

For the past 25 years he has been a resident of Canal Point where he was engaged in farming until he retired two years ago. At Canal Point he made his home with his brother-in-law and sister, Mr. and Mrs. Albert Fremd.

Survivors, in addition to his sister, Mrs. Fremd, include a brother, O. K. Braley, of West Palm Beach and six nieces and nephews.

Ferruson's Funeral Home of West Palm Beach is in charge of funeral arrangements.

Canal Point Pupils Visit Sugar Mill

Fifth grade pupils at the Canal Point School were taken to Clewiston Tuesday by Mrs. O. H. Shepard, Mrs. J. D. Stacy, Mrs. Sorchie Baird and Mrs. Pope Sears and the entire group enjoyed an educational tour through the huge mill of the U. S. Sugar Corporation. Following the tour the group also enjoyed a wiener roast and picnic in the Clewiston park.

Mr. and Mrs. H. C. Corbin of Orlanosa, Pa., are spending two weeks in Canal Point visiting her brothers and sisters-in-law, Mr. and Mrs. J. W. Repper, and Mr. and Mrs. Jack Repper.

County Park Building Dedicated On Sunday

Swimming Pool To Be Cleaned, Painted

The Pahokee City Council at a meeting Monday night discussed plans for re-opening the swimming pool in the city park. Mayor Lewis Friend, Councilmen Leo Wroten and R. B. Simonson were named on a committee to see that the pool is cleaned up, painted and put in tip-top shape for the season's opening, the date of which will be announced later.

The Council gave permission to Jess Taylor to salvage scrap iron from the city dump, Taylor to pay the city for this privilege.

Sunrise Service Planned Easter

It has been announced by the Ministerial association of Pahokee and Canal Point that there will be a sunrise service Easter Sunday March 25, 6:30 A. M. at the Pahokee Methodist Church. The following churches are sponsoring this service: Canal Point Baptist, Canal Point Methodist, Pahokee Methodist, Church of God Barfield Highway, and the Church of the Nazarene. All are invited to attend this special service to commemorate our Lord's death on the cross.

Patrol Report Is Made Public For Month Of February

The record of traffic accidents in Palm Beach County during February, 43 accidents, with 2 persons killed and 20 injured, was practically the same as it was in January, according to the report released at the Florida Highway Patrol District office in Pahokee by Lt. H. Lee Simmons through the Department of Public Safety.

FHP officers in February made 77 arrests for traffic law violations, issued 266 written warnings of faulty equipment and 101 warnings of improper driving, gave assistance to 238 motorists, recovered one stolen car, gave 19 talks on safety education and showed two films, passed 451 applicants for driver's licenses and turned down 146.

The February report for the entire district, including Palm Beach, Martin, St. Lucie, Indian River and Okeechobee Counties, was as follows: Accidents, 73, with 3 killed and 43 injured; arrests, 153; warnings of faulty equipment, 438; and of improper driving, 160; assistance to motorists, 334; stolen cars recovered, 1; safety education talks, 25; films shown, 2; driver's license examinations passed, 590, and failed, 256.

Ronald Pearson of Asheville, N. C., who is a student at Warren Wilson College, is spending a spring vacation in Pahokee with his mother, Mrs. Robert Chamberlain, and family.

(By Mrs. G. B. Ramey)
The dedication of the new county park building in Canal Point, first of its type to be constructed under the Palm Beach County park plan, was held in the auditorium of the new building Sunday afternoon with approximately 300 persons, representing all sections of the county, attending.

County Commissioner Lake Lytal of West Palm Beach, in delivering the dedicatory address for the \$30,000 building, termed the theme of the county's plan for community centers as a move "to get better acquainted with those who live in your community." In pointing out that the Canal Point community center was the first of its kind to be built in the county, he predicted if it proved a success there was a probability more of its kind would be built. The speaker said the building was being dedicated "for public use and for public good" and it was his hope that it would prove especially worthwhile to the community as a center of teenage activities.

The dedication program was arranged by Paul Rardin, chairman of the County Commission, in whose district the new structure has been built. Rardin introduced a number of visiting officials, among them B. Elliott, new speaker of the Florida House of Representatives, who, in a brief talk, commended the County Commission and its chairman for its community building program.

Rardin gave credit to the Canal Point Lions Club for its active support of the community center plan to the U. S. Sugar Corporation for transferring to the county title to desirable land for use as grounds for the park, to the County Road Department which, under the direction of J. K. Baker, transformed the land from a wilderness of undergrowth into a beautiful park and to Don Hillier, contractor who did an outstanding job of construction.

The building includes not only a large auditorium but also a completely equipped kitchen, storage rooms and spacious porches at the front and the rear. The men present at the dedication were impressed by the sturdy construction of the building, noting that materials least subject to deterioration were used in all parts of the structure. The ladies were entranced by the beautiful exterior and interior finishes, the lovely terrazzo floor, the excellent lighting effects and, above all, by the modern kitchen, completely equipped with the latest model electric range, dinner service for 96 persons and convenient wall cabinets on every hand.

The new community center will serve as a meeting place for 4-H Club, Home Demonstration Clubs, Girl Scout and Brownie Troops, civic clubs and other groups. Furnishings include a beautiful grand piano donated by the Canal Point Lions Club. A custodian will be hired to take care of the building and the administration of the building's use will be the responsibility of the community center.

News Notes From State Capital

TALLAHASSEE—Gadsden county's new state representative is W. M. (Bill) Inman, former sheriff, who will succeed Ed Scarborough, recently appointed United States marshal for the North Florida district. Inman defeated three other candidates and carried more than half of the 2,010 votes cast. Suspensions of county officers would be approved or upheld by the Florida Supreme Court, if the legislature adopts Attorney General Ervin's suggestion. At present, the state senate reviews suspension orders of the governor. . . . Senator B. C. Pearce, Palatka, said a special senate committee will investigate the state game and fresh water fish commission soon after the legislature convenes in April. . . . State dairymen oppose any change in the 3 per cent sales tax which would put the tax on food. . . . A clinic of newsmen at Florida State University agreed that little effective law on gambling will be passed at the coming session, schools will get their extra \$20,000,000, the sales tax will be strengthened but changed little basically, the state milk board may have to concede cheaper milk to schools and charities but otherwise will stay in office. . . . Changes in Florida's "taste test" citrus code passed in 1949 may be made, but opinion seems to be that Governor Warren will hold the line with his veto power if too much tinkering is done with one of his major administration measures.

TALLAHASSEE—Farmers of Okaloosa and Walton counties will get the first rural telephone line with REA help, following approval of the proposed rates by the Florida Railroad and Public Utilities

commission. The REA will build this and other lines in Florida to serve customers now without telephone service. The commission also is assisting the Santa Fe Telephone company of Melrose (Clay county) to organize as a non-profit corporation to operate an REA telephone system in Alachua, Marion, Putnam, Clay and Bradford counties.

TALLAHASSEE—A new well hunting oil under the Everglades will be drilled by Humble Oil Company, 25 miles from the producing field of Sunniland. It will be put down near the Tamiami Trail, on Collier Corporation land.

TALLAHASSEE—Hugh Culbreath of Tampa, latest target of the Kefauver committee, was suspended as sheriff of Hillsborough county after indictment by a grand jury charging him with accepting \$1,000 for protecting known gamblers. Culbreath is the sixth sheriff to be suspended by Governor Warren since last legislature. In Culbreath's place, to be sheriff until the 1951 senate can review the Culbreath suspension, Warren appointed Elbert Moore, county commissioner and a member of two of Governor Warren's state-wide advisory groups.

TALLAHASSEE—Attorney General Richard W. Ervin this week gave his opinion on the following general topics:

CHURCH—Unless vacant property owned by church is used for religious purposes it is not entitled to tax exemption.

FIRE—County may not buy \$2,700 worth of fire fighting equipment, to be used jointly with city, without advertising for bids.

BICYCLES—County judge may order sheriff to sell abandoned bicycles or automobiles found on university campus.

BONDS—After bond election which failed, commissioners may not purge voter lists to reduce total of qualified freeholders.

GAME—Where game and fresh water fish commission fails to elect new chairman as required by law, old chairman continues to preside.

FRAUD—Where school contracts are obtained by fraud on part of contractors, school board may void such contracts if desired.

AUTOMOBILE—Non-resident parent of child in Florida school may drive New York licensed auto-

mobile delonging to another non-resident.

ARREST—Where person sentenced but free on bond allows bond to expire, any sheriff may arrest him and return him to original custody.

SEAL—Shriners may manufacture replicas of Great Seal of state for sale to help finance crippled children's hospital.

SCHOOL—County may take over and operate school for exceptional children, but only on county funds.

SALARY—Where new federal census changes law governing salary of county school superintendent, change is retroactive to April 1, 1950.

ASSIST IN SERVING

Members of the Canal Point Parent-Teacher Association who served with members of the Pahokee PTA as hostesses during the serving of refreshments following the joint meeting in the high school auditorium Monday night were Mrs. R. T. Smith, chairman, Mrs. Oscar Chastain, Mrs. D. L. Hooks, Mrs. Perry Hall, Mrs. J. D. Stacy, Mrs. Wade Ammons, Mrs. C. J. Smyly, Mrs. Osceola Upthegrove, Mrs. Dewey Hughes and Mrs. Leo Hughes.

Word Is Received From Young Pickett

Mr. and Mrs. John T. Pickett received letters this week from their son, John T. Pickett Jr., who was wounded in action in the U. S. Marines' recent drive on Hoengsong, Young Pickett, who is with the First Marine Division, 7th Regiment, Company D, 2nd battalion, is recuperating at an Army field hospital in Taegu, Korea.

He said in the letters to his parents that he received a wound in the head and others in the right hip from flying shrapnel fired by a Chinese mortar. The scalp wound was not too bad and he expects to

undergo an operation for the removal of the shrapnel from his hip in the near future, according to the information given in the letters. He has been in Korea seven and a half months and will receive a purple heart medal.

Costs are up \$65
for each
new Telephone

... And Meeting Florida's Needs Requires More and More of Them!

Like everything else, the cost of building telephone plant has been going up. In 1948 our investment in Florida averaged \$289 for each telephone in service. Since that time each telephone added has required an average investment of \$354, or \$65 more.

Day-to-day operating costs have continued going up, too—wages, taxes, material and supplies. Taken together, the in-

creased cost of providing facilities and the increased cost of operation add up to a *shrinking return on a growing investment.*

That makes it increasingly difficult to obtain the money required to go on building in Florida. The money you pay for service goes for operating the business, not for expanding it. When there are new facilities to be built, the new money must be obtained through the sale of our stocks and bonds to people who have money to invest. And it's a company's ability to earn on its investment that determines how well its securities will sell in competition with the stocks and bonds of other companies.

There's still a big telephone job to do in Florida, and that job is growing larger as the State grows at an unprecedented rate. It will take a financially sound Telephone Company to keep up with the rapid growth of Florida.

Watch Out For The "Blind-Spots"

Stopped by Squint Miller's farm the other day and saw a vinegar bottle in his kitchen with an oversized cucumber inside it. The cucumber filled the whole bottle.

"What's a cucumber doing in there?" I asked him. "That's my 'blind-spot' reminder," says Squint. "My grandmother kept one in her kitchen to remind her to take stock of herself now and then."

"I slipped that bottle over the cucumber when it was just starting to grow on the vine," he went on. "And like certain viewpoints,

not noticed, it just grew and grew — now it's there to stay."

From where I sit, we could take a cue from Squint and watch for our own "blind-spots" and prejudices before they grow too big to get rid of. We've got to respect our neighbor's right to his preferences... preferences for a certain make of car, a favorite movie star, or a temperate glass of beer after work. We won't be tripped by any blind spots if we keep our eyes—and minds—open!

Joe Marsh

Abe Dobrow Explains Work Of Rotary Welfare Group

Upper left—Dedication of a new community building at Canal Point brought out more than 300 people from all parts of the county and filled the civic center's auditorium to overflowing.

Upper center—The building includes an electrically equipped kitchen, built-in cupboards and a

large serving area.

Upper right—Following the dedication, the crowd poured out onto the huge lawn and grounds which surrounds the tree-shaded community building.

Lower left—Chairman Paul Rardin and Vice Chairman Kenneth Foster exchange greetings before

the plaque which has been mounted by the main entrance.

Lower center—Floral decorations for the dedication which brought commendation from the audience were arranged by members of the Gardenia Circle of the Pahokee Canal Point Garden Club. Members of the decorating com-

mittee shown here with Mr. Rardin are Mrs. Anderson Chastain, Mrs. C. G. Coburn and Mrs. Donrid Kepp.

Lower right—Greeting the dedication speaker—Lake Lytal, left is Mr. Fardin who was master of ceremonies for the opening of the community center.

A report on welfare work administered through the Rotary Welfare Fund was given by Abe Dobrow, chairman, at the Thursday luncheon meeting of the Pahokee Rotary Club last week, on the first anniversary of the establishment of the fund.

An important contribution by the fund is to underprivileged children at the local school cafeteria where vegetables valued up to \$40 are contributed weekly for lunch menus. On the committee in charge of supplying these vegetables, according to needs, are H. J. Clause, chairman, C. G. Willis, Earl Crossman, W. W. McCurdy and Leslie Ipock.

A walk-in refrigerator for the storage of perishable foods was furnished for the Pahokee school cafeteria and Mrs. Stanley, cafeteria manager, reports that in the two months since the installation, foods obtained through federal aid stored in the refrigerator include 25 boxes of apples, one case of butter, seven cases of concentrated fruit juices, one case of dried eggs and 11 picnic hams. This increase in refrigerator space has proved so valuable to this cafeteria, that plans are being considered to place a walk-in refrigerator in the Canal Point school lunch room.

Other uses made by the Rotary Welfare Fund during the past year were to finance emergency dental work and tonsilectomies for underprivileged children and the treatment of 61 cases in orthopedic hospitals for crippled children, one of which is now located in Belle Glade. Special contributions were sent to these hospitals at Christmas time.

The Welfare Fund was established by the Pahokee Rotary Club a year ago to carry on the work of the defunct Community Chest, with each club member given the responsibility of collecting \$50 or more in reaching a grand total of \$1882.17. Of this amount \$985.15 has been spent on welfare work to date and the quota to be collected by each member this spring to rebuild the fund has been set at \$30.

The committee in charge of administering the Rotary Welfare Fund includes Abe Dobrow, chairman, Elmer Jones, Joe Thompson, Joe Alderman, Harold Rosenberg, Mrs. Don Hillier and Mrs. Pat Schoepel.

Mrs. Paul Rardin has returned to her home in Canal Point after spending two weeks with her parents, Dr. and Mrs. W. O. Strickland in Glennville, Ga.

Children's Writing Not So Good In Fla.

TAMPA—It looks as though Florida school children had better pay more attention to their penmanship. Or maybe it's just that their teachers set higher standards.

Whatever the cause, Florida lagged far behind in a nationwide survey on handwriting trends made by the W. A. Sheaffer Pen Company among 5,000 grade and high school principals. Nationally, 64.4 per cent of those queried said they thought today's children are writing as well or better than their parents did. But in Florida the positive vote was only 34 per cent, while 65 per cent said that the writing they see today is worse than it used to be.

What improvement there has been attributed by the teachers to improved teaching methods and more widespread use of good writing equipment.

Reasons given for the decline in handwriting were varied. A grade school head in Jacksonville said it is due to "the tension of the war years, which exerted such a nervous effect upon many of the youngsters that they take little pride in their work and rush through written assignments with no attempt to form letters properly."

Miss Lasse C. Shaw, principal of the Buffalo Avenue school in Tampa, attributed the poor writing to the crowded curriculums which leave less time for such things as penmanship. "However, we feel," she wrote, "that the children are more rounded and can meet the problems of the day better than they did years ago."

Mr. and Mrs. Pope Sears have as guests this week her uncle, Clarence Urban of Cleveland, Ohio, and cousins, S-Sgt. and Mrs. E. R. Urban and daughter of Hopkinsville, Ky., and Mr. and Mrs. William Stark, also of Hopkinsville.

Rainbow Girls In Meeting Monday

The Pahokee Assembly or Rainbows met in the Masonic Hall Monday night with Miss Shirley Watson presiding in the absence of the worthy advisor, Miss Rita Faye Hurt.

Miss Marlene Williams was named chairman of the Grand Assembly fund and her committee will include the Misses Marie Sapp, Shirley Watson, Patsy Maurer, Sandra Long, Stella Lou Barnes, Lovda Williams and Sarah Summers.

The group voted to sponsor a benefit show at the Prince theater Tuesday and Wednesday, Mar. 27 and 28. Reports were given by members attending the school of instruction held in Clewiston Mar. 3. It was announced hostesses at the next meeting will be the Misses Faith Brown, Aleph Hall and Sandra Long.

Rainbows Attend Instruction School

Members of the Pahokee Assembly of Rainbows who attended the recent school of instruction in Clewiston included the Misses Shirley Watson, Marie Sapp, Patsy Maurer, Rita Faye Hurt, Myra Baxter, Bonnie Faye Meeks, Linda Cowart, Carol Cowart, Donna Jo Spooner, Joyce Lynn Hurt, Sarah Summers, Stella Sue Barnes and Shirley Ann Ammons. They were accompanied by Mrs. A. Q. Howell, Mrs. Dorothy Graham, Mrs. A. O. Anderson and Mrs. Sizemore.

Mr. and Mrs. H. J. Anderson have as a guest this week her brother, O. F. Staples of New York.

Judy Schuetler has returned to her home in Pahokee after a visit of several weeks with her grandmother, Mrs. Elsie Woodruff, in Boynton Beach.

District Meeting Methodist Laymen

A district meeting of Methodist laymen was held at the Methodist Church in Belle Glade Tuesday night, with R. S. Burr of Belle Glade presiding.

Mr. Burr introduced O. B. McClure of Pahokee, associate laymen leader for the West Palm Beach district, who in turn introduced R. H. Berg of Melbourne. Mr. Berg outlined plans for organizing a laymen's fund and working organization for the advancement of Methodism in the West Palm Beach District. A donation to the laymen's fund was made by W. H. Rogers of Orlando.

Guests speaker at the dinner meeting was Dr. G. H. Morlock of Coral Gables.

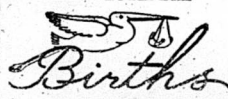

Art Students Visit Norton Art Gallery

Eighteen art students at Pahokee High School visited the Norton Gallery of Art in West Palm Beach and the Four Arts Society in Palm Beach on Tuesday.

Accompanied by Mrs. Harold Rosenberg, Mrs. A. G. Scruggs and Mrs. H. O. Earwood, their art teacher, they studied two or three objects in each room and saw artists at work on wood and stone sculpturing on their tour through the Norton Gallery. At the Four Arts Society they heard a lecture on modern art and were shown a reproduction of an authentic Chinese garden by Mr. McKim, director of the FAS.

This trip marked the high light of tours taken by the high school art class to date this school year. Students attending were Betty Culbertson, Patsy Elliott, Bobbie Ann Frierson, Zella Jones, Joyce Lovell, Carolyn Scruggs, Gloria Stuart, Eva Mae Rutherford, David McCoy, Bill Sanford, Mary Hall, Martha Hall, Joan Rosenberg, Elsie

Stamps, Jackie Thomas, Melvin Tillis, Billy Turbeville and Jacob Weeks.

Mr. and Mrs. Everett Childress of Pahokee announce the birth of a daughter, Alice Malinda, at the Everglades Memorial Hospital, Mar. 8.

Mr. and Mrs. Arthur (Budd) Larrimore of Belle Glade announce the birth of a daughter, Mary Ellen, at the Everglades Memorial Hospital, Mar. 13.

Mrs. R. S. Bowe and children, Ronda and David, have returned to St. Augustine after a two weeks visit with her parents, Mr. and Mrs. D. W. Young, in Pahokee.

Mr. and Mrs. Leslie Mosley of Portland, Me., and Mrs. Hester Parsons of California, and Hobe Sound visited Mrs. H. J. Anderson in Pahokee over the weekend.

Frank Handley of Haines City was the guest of Col. and Mrs. W. S. Evans and Miss Ruth Evans at Cypress Lodge, Port Mayaca, over the weekend.

Western Union
NEW PHONE
NUMBER 545
PAHOKEE

Kincaid Advanced By Telephone Co.

John B. Kincaid, of Atlanta, a telephone executive with more than 21 years of varied communications experience, has been appointed South Florida Manager of Southern Bell Telephone and Telegraph Company, a new position made necessary by the rapid expansion of the Company's service in South Florida.

Mr. Kincaid will assume his new duties March 1 and will direct the Company's commercial operations in the Miami and West Palm Beach districts, from headquarters in Miami.

The new telephone official is a former resident of South Florida and is well known in the area, having served as a manager in the Miami office of the Company in the late 1930's. Earlier he supervised commercial training in Florida from headquarters in Jacksonville and traveled extensively throughout the state.

Hialeah Big Producer Of Taxes In State

MIAMI—At a time when revenue is a vital consideration, it is important news to all Florida that the Hialeah track produced 15 percent more taxes for the State during its 1951 operation. This revenue from Hialeah Florida's largest source of racing taxes—is for equal distribution among the 67 counties, and for old-age assistance.

In sharp contrast to California racing this winter, Hialeah's mutuels volume for the forty-day season, January 17 through March 3, 1951, showed an increase of 19 per cent, and there was a 5 per cent gain in attendance over the 1950 operation. It was the second straight season that Hialeah has showed a gain in revenue.

A total of \$4,605,654 in revenue was produced by Hialeah this winter for use all over the state, the second largest amount in history, and exceeded only by the track's contribution for the post-war inflation year of 1946. Hialeah's 1951 handle was \$52,055,908 and the attendance was 693,096.

Hialeah's racing taxes are an essential part of the financial structure of every county in this state.

The track produced \$1,683,643 this winter for the counties with the three per cent take and admission tax. As a result, each of Florida's counties will get almost \$25,000 of Hialeah taxes in the near future. Officials expect the total from all the state's tracks for the year to be in excess of the \$82,400 received by each for last season.

Hialeah produced an amount of \$2,922,010 from the five per cent take and breakage, and this goes into the state general fund, with a like amount to be appropriated to the State Welfare Board for the assistance of the aged all over Florida.

Hialeah's \$4,605,654 revenue contribution for 1951 is a gain from \$3,910,878 for 1950 and from \$3,814,300 for 1949. Since the legalization of pari-mutuels, Hialeah alone has been responsible for a total of \$36,853,447 in state revenue.

Fish Commission To Be Investigated

PALATKA — A special State Senate investigating committee, headed by Senator B. C. Pearce of Palatka, expects to complete an investigation of the Florida Game and Fresh Water Fish Commission soon after the legislature convenes April 3.

Pearce said the committee would have the power to subpoena commission officials and documents.

"Our principal purpose will be to learn whether the commission has carried out certain reforms which were recommended by the committee in a preliminary report," Pearce said.

The commission has been split by a factional split for many months.

College Students May Enlist In The Marines Training

JACKSONVILLE—Florida college students and graduates may now enroll in the Marine Corps Officer Training Program, Capt. M. E. McNiel, procurement officer in the Southeast, has announced.

McNiel has visited many southeastern colleges publicizing the opportunities open to young men and women as Marine officer candidates. He is now making his second tour to enroll interested persons. Captain McNiel states that men enrolled in these programs may be deferred by their local boards until they have completed college and are commissioned in the Marine Corps Reserve.

Undergraduates will attend training courses during the summer months. Graduates may attend a different course, the first of which will start April 23.

Captain McNiel will be at Florida State University April 3 through 6. Information may also be obtained from the Marine Corps Recruiting Stations in Daytona Beach, Gainesville, Jacksonville, Miami, Ocala, Orlando, St. Petersburg, Tallahassee, Tampa and West Palm Beach.

Largest brakes in the low-price field!

The Smart New
Styline De Luxe 4-Door Sedan

(Continuation of standard equipment and trim illustrated is dependent on availability of material.)

**Yes, Jumbo-Drum Brakes . . .
extra smooth, extra safe . . .**

... another reason why more people buy Chevrolets than any other car!

You and your family will enjoy special safety in Chevrolet for '51—America's largest and finest low-priced car.

You'll know this the minute you test its new, more powerful Jumbo-Drum Brakes—largest in the low-price field!

They're extra smooth, positive and safe; they provide maximum stopping power with up to 25% less driver effort; they combine with many other Chevrolet safety factors to give you the fullest measure of motoring protection.

And you'll enjoy a special kind of performance and driving ease in this car, too. For it's the only low-priced car that offers you your choice of a mighty 105-h.p. Valve-in-Head engine, teamed with the time-proved Powerglide Automatic Transmission,* for finest no-shift driving at lowest cost. Or the brilliant standard Chevrolet Valve-in-Head engine, teamed with Silent Synchro-Mesh Transmission, for finest standard driving at lowest cost. Come in, see and drive it!

**AMERICA'S LARGEST AND FINEST
LOW-PRICED CAR!**

*Combination of Powerglide Automatic Transmission and 105-h.p. engine optional on De Luxe models at extra cost.

Try this your stereoscope!

When this "viewer" was in the parlor, folks used to look at pictures like these.

They'd spend many an hour gazing wistfully at scenes of places they'd like to visit, things they'd like to do.

But, today, there's an invention that beats those stereoscopic pictures all hollow. No—it isn't television.

It's the Payroll Savings Plan—an automatic

method of saving that all but puts you on that liner and says "bon voyage."

So simple, so painless, so sure—the Payroll Savings Plan sets aside a small part of your earnings each and every pay day, puts it in United States Savings Bonds.

And those bonds grow and GROW. In ten short years they pay you back \$4 for every \$3 you put in today.

A self-fattening investment—guaranteed by Uncle Sam—that will let you do things for your family and for yourself that you could never do without such a convenient plan.

And, if you're not on a payroll, there's the equally convenient, equally profitable Bond-A-Month Plan at your bank.

No matter how you look at them, U. S. Savings Bonds help to picture a bright, happy future!

Automatic saving is sure saving—U. S. Savings Bonds

Christian Science Society

CHURCH OF CHRIST, SCIENTIST

That true substance is God created, therefore spiritual and completely unlike what the world calls substance, is the theme of the Lesson-Sermon entitled "SUBSTANCE" to be read in all Christian Science churches next Sunday. A verse from Psalms (104: 31) supplies the Golden Text: "The glory of the Lord shall endure forever: the Lord shall rejoice in his works."

Readings from the Bible include

the following statement made by Paul to Timothy: "Charge them that are rich in this world, that they do not highmind, nor trust in uncertain riches, but in the living God, who giveth us richly all things to enjoy" (1 Tim. 6: 17).

Selections from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include this correlative passage: "Matter, sin, and mortality lose all supposed consciousness or claim to life, or existence, as mortals lay off a false sense of life, substance, and intelligence. But the spiritual, eternal man is not touched by these phases of mortality" (p. 311).

Garden Clubs Will Hear Talk On "Palms"

The four member clubs of the Pahokee-Canal Point Garden Club will meet in the projection room at Pahokee High School Tuesday, Mar. 20, at 8 p. m. to hear a lecture on "Native Florida Palms" by Dr. L. M. Wetman of the U. S. Sugar Corporation, Clewiston. Dr. Wetman will illustrate his talk with colored slides.

Each of the four member clubs will have on display an arrangement of flowers which will be inspected and the good and bad points will be discussed. Members of the Everglades Business and Professional Woman's Club will be guests.

The general election of the garden club officers will also be conducted at this meeting. A nominating committee headed by Mrs. Jess M. Elliott, chairman, will recommend the following officers: Mrs. C. M. Todd, for president; Mrs. Frank Friend, for vice president; Mrs. W. S. Evans, for recording secretary; Mrs. O. R. Blech, for corresponding secretary and Mrs. J. H. Lynn, treasurer.

Holy Week Service Planned At Pahokee

Holy Week services scheduled at the Pahokee First Methodist Church:

Sunday, Mar. 18—Palm Sunday observance, baptisms and reception of new members.

Tuesday, Mar. 20—An hour of directed meditation will be held at the church from 3:30 to 4:30 p. m., under the direction of the Woman's Society of Christian Service.

Wednesday, Mar. 21—Prayer service and the showing of a motion picture entitled, "Barabbas, the Robber."

Thursday, Mar. 22—Special Com-

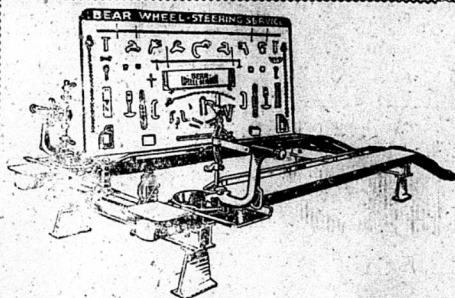

munion Service starting at 7:30 P. m.

Friday, Mar. 23—Good Friday Service from 12 noon until 3 p. m.

WEDDING DATE CHOSEN

Miss Margaret Elizabeth Anderson, daughter of Mr. and Mrs. H. J. Anderson of Pahokee, has chosen April 22 as the date for her marriage to M. Luther Collier, son of Mr. and Mrs. L. O. Collier of Lake City.

At present Miss Anderson is associated with the State Welfare Board as a welfare worker in the Lake City district, with headquarters at Macclenny. Mr. Collier is with the Florida Forestry Service, stationed at Leesburg.

Come to Church

The churches of the Everglades extend a warm welcome to every person to attend church on Sunday. You'll get a deep satisfaction out of attending the church of your choice. You'll personally enjoy the wonderful messages of faith which are in store for you during this good year ahead. Today, make a resolution that one hour out of the week's 168 will be devoted to church services. Can you do less? Watch the columns of The Everglades News for church announcements weekly. The Lake Region is blessed with a group of fine churches. Your attendance will make the work of these churches more successful.

Churches Of The Glades

Garbage Thrown On Shoulders Is Menace

The county Sheriff's Dept. and all law enforcement officers Monday were strongly urged by the County Commission to prosecute all residents in outlying areas who are found throwing garbage along side county roads.

Reporting on what he described as "a tremendous problem, which not only is developing into a big health menace but also causes an unsightly condition along our county roads," Commissioner Lake Lytal said "we must stop this practice now."

Residents in the outlying areas "just put their garbage in a bag and either throw it on the shoulders of the road or anywhere they please."

County Chief Sanitarian J. C.

Alvarez added that "definitely this will become a great health hazard unless we stop it soon—and from a health standpoint, I hope it will be stopped."

The board authorized the Sheriff's Dept. to prosecute any residents found disposing of their garbage in this way.

May Ask New Law Establish Residence

Possibility of requiring a three-year residency in Palm Beach County before individuals can become eligible for public welfare aid was discussed by County Commissioners Monday when they decided to "figure out more about the three-year requirement from counties where it is now enforced."

At present, the county law requires to have resided here for one year before becoming eligible for this assistance.

After lengthy discussion, during which Commissioner Lake Lytal brought out the ever-increasing load of welfare cases originating from non-Florida residents, board members decided to find out how successful the three-year requirement is proving in other Florida counties.

ATTEND VERO MEET

Those from Pahokee and Canal Point who attended the district meeting of the Methodist Woman's Society of Christian Service in Vero Beach Monday included Mrs. Ruth V. Meredith, Mrs. John A. Dulany and Rev. Ralph W. Todd, Pahokee; Mrs. Earl J. Jones, Mrs. J. L. Jones, Mrs. C. L. Stuart and Miss Dorothy Kinney, Canal Point.

Pahokee Lions Nominate Officers

Pahokee Lions at their Tuesday luncheon meeting nominated the following officers to be voted on in the annual club election on Mar. 27:

For president, C. A. Batchelor, Leon Spooner, Leonard Dobrow and Lewis Friend; first vice president, R. B. Simonson and James W. Vann; second vice president, Ralph Johnson; third vice president, Gil Galbaldon and Leonard Dobrow; lion tamer, John Sutterfield; tailtwister, E. D. Sims, Jr., and E. P. Holt; secretary, R. M. Sanders and R. J. Schroder; treasurer, Gene Bacon; members of the board of directors, M. P. Stanley, Herman Kautz and Dr. D. S. Spooner.

The club voted \$68 to cover the expense of sending a member of the School Safety Patrol to Washington, D. C.

Chipley Opens New Olin G. Shivers Bridge

CHIPLEY — This enterprising community closed its doors and celebrated last week when the State Road Department officially dedicated the new Olin G. Shivers Bridge across Holmes Creek.

Opening of the splendid new bridge does away with the old hand-operated ferry service and will move traffic at a much faster pace in the future.

The bridge officially opened by Senator Shivers' niece, Miss Nan Godfrey, who cut the ribbon across the entrance as local and state dignitaries applauded.

State Road Chairman Alfred McKethan made the principal address and praised Senator Shivers for his diligent efforts to advance the welfare of his district and help provide better transportation facilities.

Governor Fuller Warren and other state officials attended the ceremonies.

CONSTABLES TO MEET

MIAMI—The Justice of the Peace and Constables Association will have its Annual Convention and Legislative Meeting here at the McAllister Hotel, March 23, 24 and 25.

Highlight of the meeting will be an address by the Honorable Richard W. Ervin, Attorney General of the State of Florida.

CHANCERY NO. 28,133
THE STATE OF FLORIDA
TO DONNIE GODWIN, whose residence and address as particularly as is known is UNKNOWN.

IT IS HEREBY ORDERED that you appear to the Bill of Complaint for Divorce brought against you by Betty Godwin, Plaintiff, and you are hereby required to serve a copy of your answer or other defenses upon Thadd Whidden, Attorney for Plaintiff, whose address is P. O. Box 385, Pahokee, Florida, on or before April 9, 1951, and before or immediately thereafter to file with the Clerk of the above Court the original of said answer or said written defense, if any.

Herein fail not or the allegations of said Bill of Complaint will be taken as confessed by you.

WITNESS my hand and official seal at West Palm Beach, Florida, this 2nd day of March, A. D. 1951.

J. ALEX ARNETTE,
Clerk Circuit Court
Palm Beach County, Florida.
(Circuit Court Seal)

Dairymen To Fight Any Tax On Food

ORLANDO—The Florida Dairy Association went on record last week as vigorously opposed to any expansion or change of the sales tax to take in foods. The group's directors made that plain when they approved a legislative program for the coming session.

The Association will also oppose any efforts to abolish the Florida Milk Commission for they point out that without this regulatory body, chaos would result in the industry and many dairymen would be forced out of business.

Commenting on the operation of

the Milk Commission a dairy spokesman said, "The Commission has, for the past 18 years, proved to be necessary and important factor in stabilizing, increasing, and improving the supply of home-produced milk in Florida . . . and has been a primary factor in keeping out of this state the rising tide of federal control."

Should federal control be substituted for a local board it would be one of the worst things that could happen for both the dairyman and the consumer, dairy interests contend.

H. J. Anderson visited his daughter, Miss Margaret Anderson, in Macclenny, Fla., over the weekend.

bility of a civic committee to be named.

Others taking part on the dedication program were Rev. Earl J. Jones who gave the invocation and Rev. C. J. Smyly, the benediction. Decorations for the occasion featured floral arrangements of striking beauty prepared by Mrs. C. G. Coburn, Mrs. Donald Kepp and Mrs. Anderson Chastain of the Gardenia Garden Club. At the conclusion of the program free Coca-Colas were served on the park grounds by the Canal Point Lions Club with D. L. Hooks, O. H. Sheppard, T. W. Griffith and Anderson Chastain in charge.

Joint Meeting Of —

(Continued from page 1)

bon rating and congratulated the Canal Point PTA for its outstanding record of membership achieved this year. The two speakers were introduced by Mrs. J. C. Schoepel, Pahokee PTA president, who presided at the meeting.

These talks were preceded by a concert presented by the Pahokee High School Band under the direction of Bandmaster Robert O. Lampi. Some of the numbers played will be repeated by the band in the district inspection contest to be held in the high school auditorium Mar. 27 at 9:30 a. m. The band showed excellent training by its smooth playing of two sight reading numbers and was led in one number by Sidney Caruthers, student conductor. In order to qualify for the State Band Contest in St. Petersburg in April the Pahokee Band must receive a rating of superior in concert playing and a rating of at least excellent in sight reading and marching in the inspection contest, Mr. Lampi said.

At the business session the Pahokee PTA voted \$40 to help pay the expense of sending a member of the School Safety Patrol to Washington, D. C., in May, also \$25 to the Athletic Association for the purchase of equipment for the school's tennis teams and \$250 for the purchase of a blackout curtain and screen to facilitate the showing of motion pictures at the high school in the daytime.

The monthly attendance awards were won by Mrs. Myrtle Brooks' first grade room at the elementary school and by Ned Koche's tenth grade group at the high school.

At the conclusion of the meeting refreshments for members of the band were served in the home economics room and for school patrons and guests, in the cafeteria.

Y. W. A. MEETING

Flood Control May Hire B. Arnold As Field Supervisor

WEST PALM BEACH — W. Turner Wallis, district engineer of the Central and South Florida Flood Control District, announced last week that B. Arnold of Fort Pierce was working on a trial basis as field supervisor of maintenance, operation and construction.

Wallis said final recommendations as to whether Arnold would be hired and placed in charge of the rapidly expanding department would be made at the Board's April meeting.

Arnold is Chairman of the St. Lucie County School Board and formerly was St. Lucie County Road Superintendent. Prior to that he served as City Manager of Fort Pierce.

Mr. and Mrs. Carson Doering have returned to their home in Ohio after a 10-day visit with Mr. and Mrs. M. C. Carter, in Canal Point.

Friday & Saturday Wind Up Festival

Friday and Saturday are the last two days of the Fair and Bean Festival being held this week on the American Legion grounds on Canal Point Road under the sponsorship of Fred and Percy Mansfield Post 90. On Saturday afternoon there will be a special matinee for children on the midway where the Orange State Shows are operating seven thrilling rides and 10 concessions to attract fun seekers.

Many business firms and organizations in the Glades area have prepared attractive and instructive displays for the fair which are housed in the large display tent, and the Legion Hall.

The Florida Flood Control District display features a large base relief map of southern Florida showing lakes, canals, dikes, locks and other engineering works necessary for flood control and drainage over this vast area. Another map shows proposed changes to im-

prove flood control and a representative of the district is in the booth each evening to answer questions.

The Palm Beach County Tuberculosis and Health Association also has an educational booth. The Pahokee Woman's Club is sponsoring a food booth and there are attractive displays of flowers prepared by Sadie's Florist Shop and the Pahokee Flower Shop.

Boe's is sponsoring a Frigidaire Kitchen display and cooking school and the Mathis-Boe booth is an at-

traction for those interested in television. There are also interesting displays sponsored by Jones Hardware Company, Glades Aviation, Glades Mercantile, Shirley Brothers, Pahokee Mill and Supply, Herman's Electric, Coastal Coastal Motors, Glades Equipment, Standard Oil, Murray Equipment and others.

Mrs. H. J. Clause and Mrs. Wendell Harris and daughter, Faye, attended a flower show in Stuart Wednesday.

100,000 MILES FROM NOW

you'll still say

"Can't beat Dodge
for dependability!"

NEW engineering advancements make traditional Dodge dependability
GREATER VALUE THAN EVER

THE DODGE reputation for dependability and long car life is a matter of record... a record of 37 years... a record no other car can match.

And with the many new advancements engineered into the great '51 Dodge, this famous dependability makes Dodge an even bigger value, an even bigger dollar buy.

For example, new Oriflow Shock Absorbers smooth out the bumpiest roads to give you a level, more comfortable ride... smother the jolts... reduce wear on vital chassis parts.

Cushions moving parts. Dodge Gyro-Matic, lowest priced automatic transmission, along with Fluid Drive

makes handling easier and smoother for you. But equally important, Dodge Fluid Drive cushions the power thrusts from engine to rear wheels. Starts and stops are soft and smooth. Your car and your tires last longer.

Yes, everything about this great new Dodge—the way it looks, rides and handles—tells you that here's a car built to deliver years and miles of dependable, low-cost service.

5 minutes tells why. Give us just five minutes. Let us show you how you could pay up to \$1,000 more and still not get all the extra room, handling ease and rugged dependability of this great new 1951 Dodge.

NEW ORIFLOW SHOCK ABSORBERS! With twice the shock absorbing capacity, you actually "float" over roads so bad they stop other cars. No bounce, pitch or side-sway—wheels stay on the ground for a smoother, safer ride.

1951 Dependable

DODGE

Just a few dollars more than the lowest-priced cars!
